

Worldwide cover,
whatever happens

www.sipinsurance.eu

You made the decision to study in Europe, congratulations! You are up for a wonderful time of learning, enriching cultural experiences and enduring friendships. But what if something unfortunate happens? You may fall ill, need to go to the dentist or be the victim of theft. The costs incurred abroad can be prohibitive without appropriate insurance cover.

Don't panic! The Student Insurance Program (SIP) can offer you a very extensive insurance cover.

For example, SIP covers your medical fees as well as urgent dentistry fees, plus any exceptional expenses such as repatriation and medical transport.

And that's not all: SIP also provides you with legal assistance, as well as insurance for accidents, public liability, loss of luggage and personal effects. So you are covered for most unexpected events that might happen while abroad.

The Student Insurance Program

eliminates all borders

Specific insurance cover for students coming to or from Europe

SIP has been specifically designed for people staying abroad on a temporary basis.

SIP packages are particularly useful for non EU/EEA* students coming to Europe to facilitate the application for residence permit as these cannot be granted without valid health insurance. But SIP can of course also be bought by EU students should they wish to have private additional health insurance during their stay in another European country.

Finally, SIP also protects European students who are going to a country outside Europe as part of their studies, work experience or exchange project. SIP is actually valid worldwide and in addition to students, also protects scientists, members of staff and accompanying family members.

* EU/EEA students: students who are citizens or national permanent residents of one of the European Union member countries or countries in the European Economic Area.

This insurance does not apply to the extent that resolutions of the United Nations or the trade and economic sanctions, laws or regulations of the European Union, the member states of the European Union, or the United States of America prohibit the Company from providing insurance, including but not limited to the payment of claims or the provision of any other benefit.

Great cover, when you need it most

Whatever happens, SIP provides you with great cover as evidenced by the indemnity allowances listed in this leaflet.

SIP means travel with total peace of mind. Better still, you are covered exactly for the period you need, because SIP cover starts the day you leave your home country to go abroad and ends the day you finally come back, based on the details you enter in the SIP online application.

You are covered even when you return home

Do you want to take a break and return home? Don't worry, you remain covered by SIP, for a maximum stay of 4 consecutive weeks.

Extreme sports? No problem!

If you enjoy extreme sports such as winter sports, deep-sea diving or caving and have the opportunity to indulge in your favourite sport while you are abroad, SIP can provide you with the risk cover you need. You can enhance your SIP package with an extra cover option for these sports at a small surcharge of € 0.15 per day – unlike with other insurance policies. So, if snowboarding scuba-diving or caving is your thing, you can enjoy yourself to your heart's content.

So, if snowboarding scuba-diving or caving is your thing, you can enjoy yourself to your heart's content.

Last-minute cancellation? No problem!

If for some unforeseen reason your trip cannot go ahead as planned, SIP offers a very

affordable policy option that covers you against any additional costs incurred. A one-time additional premium of € 38.45 protects you against needless costs: we will take care of the paid course fee, the paid attendance and registration fees, your pre-paid rent for housing and/or transfer costs when changing apartments up to a maximum of € 1,200.

One policy, two insurance solutions

The Student Insurance Program (SIP) offers 2 types of insurance solutions for covering healthcare costs: SIP Integral and SIP Complement.

SIP Complement is meant for persons who already have a mutual healthcare insurance or have access to the state healthcare system in the country of destination. SIP Complement will reimburse the medical costs in full after the allowance refunded by the health insurance fund of the insured person.

SIP Integral has been specifically designed for persons who don't have a mutual healthcare insurance or who do not benefit from the state healthcare system. SIP Integral will reimburse the medical costs in full, from the first euro.

SIP will reimburse your medical costs with no maximum amount and with zero deductible:

- either from the first euro (= SIP Integral)
- or to supplement any reimbursement from your health fund (= SIP Complement)

When a maximum insured amount is listed in the general overview of the indemnities, this corresponds to the total reimbursed amount whichever the insurance solution you choose.

Suitable insurance solutions at affordable prices

Your insurance premium is calculated per insured day. This way, you are only covered for the period you need.

SIP Integral: € 1.17/day or € 427/365 days (taxes excluded)

SIP Complement: € 0.70/day or € 256/ 365 days (taxes excluded)

Both options can be purchased by the day with a minimum of € 25 coverage plus a one-time admin fee of € 3.50.

The period of coverage cannot exceed one year, but for longer trips the SIP policy can be extended after the first year.

Premiums are payable in advance through a secure online payment system.

How do you apply for SIP?

You can apply quickly and easily online. No medical check-up is required. After submitting your online application, you will be required to pay the premium using a credit card (VISA or MasterCard) or debit card (Bancontact/Mister Cash for Belgian students only) through a secure online payment system.

Upon receipt of your payment, your insurance policy will be automatically and immediately e-mailed to you. We will also send you a handy coverage summary stating all the indemnity allowances.

It is as easy as that!

To buy SIP cover, please go to
